Dear Refund Coordinator:

Pursuant to your instructions to request refunds for publication charges which publications never occurred, attached is a listing of Xerox Corporation patent numbers. All the patent numbers listed were charged for a publication fee concurrent with the issue fee. To the best of our knowledge, none of the patents were published.

Please see that the appropriate Xerox Corporation Deposit Account is refunded as soon as possible.

Xerox Corporation objects to the PTO practice of charging publications with the issue fee when timing clearly shows no publication will take place. The burden is then on the applicant to research, compile a meaningful list, and write for a refund. According to the Interim Practice of Mailing a Notice of Publication Fee Due, 'in the situation where an applicant has paid the issue fee many months before the projected publication date, the USPTO is likely to issue the patent with sufficient time remaining to remove the application from the eighteen-month publication queue.... In this situation, the USPTO will not charge the publication fee if the patent issued with sufficient time remaining to remove the application from the publication queue.'

We will appreciate your quick action to refund Xerox for the mistakenly charged publication fees. Please contact me if there are any concerns.

Very truly yours,

Elaine A. Krenitsky
